## History

The Pingry School, a coeducational, independent college preparatory school founded by Dr. John F. Pingry in 1861, consists of the Short Hills Campus (Lower School, K-5, 256 students) and Basking Ridge Campus (Middle School, 6-8, 270 students and Upper School, 9-12, 555 students).

## School Community

Pingry's Honor Code was written by the students in 1926 and adopted by the faculty in 1949. To this day, the Honor Code provides a foundation on which our program is built. Pingry stresses high ethical standards and an expectation that each individual within the community will work for the greater good. This helps to create a reflective institution whose members strive for excellence in every endeavor.

Pingry's deliberate and thorough admission process leads to a multi-talented student body drawn from over 100 municipalities in New Jersey and Eastern Pennsylvania. The School's challenging, comprehensive and well-rounded liberal arts curriculum is supported by robust visual and performing arts and competitive athletic programs, a combination that produces engaged, hard-working graduates who value diverse perspectives. The average tenure of Pingry's 161 full-time faculty is 13 years; of these full-time faculty, 112 hold advanced degrees, including 18 doctorates.

Enrollment in advanced placement and honors courses is by faculty invitation only. There is no limit to the number of advanced placement, advanced topics or honors courses a student may take. **17 Honors Courses, 5 Advanced Topics Courses and 18 AP Courses are offered.** Any student may sit for an AP exam. Students enrolled in an AP designated course must sit for the corresponding AP exam. If the student does not take the AP exam, the course will be noted as an Honors course on the final transcript. In May 2014, 283 students (127 seniors, 114 juniors 38 sophomores and 4 freshman or under) wrote 713 exams. **649 scores (or 91%) were three or higher.**

Credit is given for the first year of a language successfully completed in grades 7 and 8. Most freshmen continue their foreign language studies at the second year level. The first year of any language is available to all students. Classes denoted 1/2 or 2/3 are bridge courses designed to facilitate the transition between 2 levels of study.*
