

September 2009

Hello Form VI,

I will be sending periodic emails throughout the year informing you of several multicultural programs offered at various colleges and universities across the country. These programs offer students a great opportunity to explore the particular resources offered at that school. Also, attendance to such programs can serve as a valuable tool in the overall admissions process through your demonstrated interest. Below you will find information regarding upcoming events; see me for applications or further details if you are interested. Thanks — Mr. Vassall
