Postcards to the Library

June 2022

A Message to Pingry Families

Fostering a love of reading is one of the greatest gifts we can give our children.

This has been another challenging school year for our students but they have shown resilience and determination to learn and adapt to the unusual circumstances that Covid-19 has created. We hope that our students will enjoy some wonderful experiences this summer and that includes relaxing and reading with a treasured book.

The Lower School Library Summer Reading Program has been developed to encourage reading and to guide our students with their book choices during the summer. We hope every child will find something on the list to spark their interest in reading. Reading for pleasure helps to build reading skills and instills a love of reading that will last a lifetime.

We recommend that students read a variety of books from the reading list. Many different books and genres, from challenging to easier choices, are listed. While specific book titles are suggested, students may choose any book by the authors listed.

The following information and resources can be found in this booklet:

- **Postcards to the Library Program** - Students send picture postcards to the Library. See directions for participation on the next page.
- **eBooks** - The Library offers hundreds of books online (directions on inside back cover).
- **Reading Log** - Set a reading goal, and record the books read during the summer.

Browse the **Lower School Library Website** (<https://sh.opals.pingry.k12.nj.us>) for subscription databases, eBooks, streaming book resources, and related activities.

Have a Wonderful Summer and Happy Reading!

Sincerely,

Mrs. D’Innocenzo
